

# Early Childhood Certificate

Develop skills in understanding and applying evidence-based practices in early childhood education with ASU's Mary Lou Fulton Teachers College Early Childhood Certificate. This program will equip you with the skills to work with children during their most formative years — ages birth to 8 — and build a solid foundation for future learning.

## Requirements

- Students already holding undergraduate degrees may pursue this certificate but may not be eligible for an institutional recommendation for Arizona teaching licensure without additional preparation beyond the certificate.
- Must be enrolled as a degree-seeking student at ASU. Open to students majoring in Elementary Education, Special Education or Elementary Multilingual Education undergraduate teacher preparation programs at MLFTC.
- Students are required to earn a passing score on the professional knowledge portion of the AEP/NES exam, as well as a passing score on the subject knowledge portion of the AEP/NES exam in each area an Arizona teaching credential is sought. (Subject knowledge exam waivers may apply.)

The 18-credit Early Childhood Certificate program is available in person at ASU's Tempe campus.

## Course requirements

- ECS 310 Typical and Atypical Development of Young Children
- ECS 312 Social Emotional Development of Young Children
- ECD 321 Foundation of Language Literacy and Culture for Young Children (L)
